About Bachelor of Vocation

B. VOC. (Bachelor of Vocation) is an emerging course in India that aims at providing adequate skills required for a particular trade to candidates. This course is different from traditional academic programs as it deals more with application-based studies rather than focusing on only theoretical knowledge.

Course Objectives

- To provide judicious mix of skills relating to a profession and appropriate content of General Education
- To ensure that the students have adequate knowledge and skills, so that they are work ready at each exit point of the programme.
- To integrate NSQF within the undergraduate level of higher education in order to enhance employability of the graduates and meet industry requirements.
- To provide vertical mobility to students coming out of 10+2 with vocational subjects.

Course Highlights

- One-on-One mentoring by Academicians / Industrial experts
- Hands-on Practical Training
- Industry Skill Training
- Project based Learning
