The Teaching Feedback Analysis for the academic year 2018-19 provides insights into students' perceptions of various aspects related to the teaching process. The satisfaction scores are given on a scale of 1 to 10, with higher scores indicating greater satisfaction. (Excellent: 8.01-10.00, Very good: 6.01 – 8.00, Good: 4.01-6.00, Average: 2.01 -4.00 and Below Average: 0-2.00)

The following findings are drawn from the above data:

- All categories fall within the "Excellent" range (Above 8.01), indicating a consistently high level of satisfaction across different aspects of the teaching process. The feedback analysis emphasize the effectiveness, clarity, and positive attributes of the teaching staff. The absence of feedback in lower categories suggests that the teaching performance is generally outstanding, with room for improvement in specific areas as feedback becomes more granular or specific.
- The teaching staff receives consistently high ratings across all categories, reflecting an excellent teaching environment. The overall average of 8.75 signifies that, on average, students are highly satisfied with the teaching process during the specified academic year.

Based on the above findings IQAC made the following Recommendations:

- Focus on improving the teachers use of examples and illustrations and interaction with students.
- Continuous efforts to maintain and enhance these positive aspects will contribute to ongoing student satisfaction and success.

This positive feedback is a valuable asset for the institution, reflecting a strong teaching culture and a commitment to student success.
